Just some of our other products and services -

Cloud Backup monitored solutions	Storage space	1 workstation licence	1 server licence	Setup Fee	
<p>Our Cloud Backup solutions are enterprise-grade, locally-hosted right here in Australia and a fully featured backup platform to help you simply and cost-effectively mitigate the risks of cyber-events such as a ransomware attack.</p> <p>Widest range of devices and OS; server, PC, Mac, VPS, VM, smartphones and tablets.</p> <p>Active Protection - includes a "threat detection" capability to identify behaviours that indicate a ransomware attack. If files begin to get encrypted this is detected and halted so that encrypted files can be recovered.</p> <p>We offer expedited data seeding and data recovery if the client's internet speeds are slow - POA.</p> <p>Yearly commitment per device, but you can change storage options at any time.</p>	100GB - \$28	\$7	\$55	\$165	
	250GB - \$38	\$7	\$55	\$165	
	500GB - \$53	\$7	\$55	\$165	
	1000GB - \$83	\$7	\$55	\$165	
	Additional server licences		\$55		POA
	Additional workstation licences		\$7		POA

More storage space options available, please ask if this doesn't cover the data size you require. Prices above are per month, quarterly payment option available - all solutions are a yearly commitment. Setup Fee is a one off payment.
